

Attention Specialist Provider,

Please fax all incoming referral requests along with all clinical documentation 14 days prior to the patient's upcoming appointment. All requests must be reviewed and approved by the patient's PCP prior to the referral coordinator authorizing the request. We will not authorize any referral requests that have not been physically received.

Please allow 3-5 business days for the processing of the referral request.

All expedited/STAT/Urgent referral requests must meet CMS guidelines: The healthcare professional or member believes the member's health, life, or ability to regain maximum function can be jeopardized if the standard 14 calendar-day time frame is applied.

If you are receiving a new referral from our office, please contact the patient as soon as possible to schedule an appointment or follow-up.

Thank you in advance for your partnership,

IMA Medical Group
